IMPORTANT NEWS!!!

Contactless Pay Is Here

“Tap to Pay” 

With your next expiration date on your debit-card you will receive a bright red card. They are now contactless cards and can be used at any business that accepts contactless pay. Also, the new card will continue to have contact functionality so they can still be inserted into EMV reader and will also maintain the magnetic strip for those merchants who have not upgraded.

FRAUD ALERT

We have received more reports of Amazon and PayPal fraud. If you receive a call, text or e-mail from someone stating they are employed with Amazon and someone is trying to purchase something on your account, please hang up, do not respond and contact us to verify that your account is not being compromised. Do not give them any information.
